

2019 WMAS Reef Tour

Welcome to the 2019 WMAS Reef Tour!

This packet is your guide to seeing some of the most beautiful and exotic creatures that inhabit our world's marine ecosystems. Prepare yourself for a fun day of driving around the valley -visiting homes with colorful corals, marine fishes, shrimp, plants, crustaceans, and friendly people.

All you have to do is drive around to the houses listed in this packet. These houses have been listed in a geographical order to help you find the locations near you. Feel free to ask the aquarium owners any questions you may have, they love talking about their hobby.

Who are we? You may or not be familiar with the Wasatch Marine Aquarium Society (WMAS). We are an organization that has been here in the Salt Lake area for 20 years! In that time, we have grown to be one of the largest Aquarium Clubs in the nation. We have free monthly meetings with guest speakers, aquarium advice, fundraisers, socials, coral frag sales, and discounts on some purchases at many local fish stores. We have a wonderful website with tons of information and an online discussion forum. In fact our website was presented with an award by the Marine Aquarium Societies of North America as the number one hobbyist website in the nation!

Please take advantage of this opportunity to learn more about the Wasatch Marine Aquarium Society, and about the saltwater aquarium hobby.

Thanks, and have a great time!

Be sure to visit our website at www.utahreefs.com

2019 WMAS Reef Tour

Nate Owen (known87)

1941 North 1000 East, North Logan, UT 84341

180 gallon in-wall tank with fish room. 2.5 year old Mixed reef w/ 65+ different corals and anemone island. Apex controlled with auto water change system. Viewable from 3 sides.

(435) 890-3618

2019 WMAS Reef Tour

Matt Smith (Trojanreef)

276 E Elberta Drive, North Ogden, UT 84414

32 gallon biocube with AI prime HD lighting. Tank has been running for two months (50% of the corals came from the previous tank that had to be broken down). No equipment other than lighting, return pump and powerheads. Only nutrient export is the water changes done biweekly. The tank is euphyllia dominate with 85% or so of the corals being different torches, hammers, octospawn and frogspawn.

(385) 294-2399

Head North on I-15. Exit W 2700 N and turn right. Turn left on Washington (N 400 E). Left on E Elberta Dr. Go about 1/4 mile down and house is on the right.

2019 WMAS Reef Tour

Jason McGraw

5147 S 3550 W, Roy, UT 84067

120 Gallon mixed reef tank

(801) 520-2428

Take I-15 to Antelope Drive which is north and at the exit turn right then left onto University Park Blvd. Head north about 1/2 mile. Turn right onto 2600 N and head west to 1039 W. My house is tan with green shutters and front door.

2019 WMAS Reef Tour

Jenny and Nate Mellen

527 Coates Ave, Layton, UT 84041

175 Gallon marine tank temporarily being used as a FOWLR until the 350 gallon is ready. Also have a 120 planted discus tank. There is a fish room with a few QA tanks and a frag tank where all of the corals are currently being held.

(801) 719-1846

From I-15 you will take Layton Parkway facing east. Then turn left onto Fort Lane. Then turn right onto Wasatch Dr. Then left on Sherwood. Then right onto Coates Ave. Our house has a large driveway, twisting brick mailbox and matching brick wall. Door is on the left side of the house.

2019 WMAS Reef Tour

Jason Farr

161 Deer Hollow Circle, Farmington, UT 84025

75 gallon tank that has been set up for 4 years. Has a sump with a refugium, protein skimmer and filter socks. LED and fluorescent lighting.

(801) 634-2447

Going north on I-15 take exit 322. Continue on the right side and drive north then take a right onto State St. Continue on State St. driving east. Turn left right after the light onto 100 East. Then take your first right where the fire station is onto 100 North. Continue up the street and take a left on Deer Hollow Circle.

2019 WMAS Reef Tour

Nick Cook (Echidna09)

322 E Nechatel Dr, Draper, UT 84020

You don't want to miss this home aquaculture facility! Major additions and upgrades in the past month that very few have seen. Four systems, including two 120-gallon aquaculture systems, a freshly re-aquascaped 65-gallon reef display, a 20-gallon frogfish reef, and a work-in-progress anemone system. I run cheap but effective equipment so I have more \$\$ for nice frags. Come see all of the hottest coral you've only seen online including Grand Master Kraks, over 2 dozen unique bounce mushrooms, high end rainbow chalices including BSA Ludacris, more than 100 different zoanthid morphs, and a myriad of bright LPS. Frags will be for sale in all price ranges with no pressure to buy. Come see how things are run, talk, ask questions, try to find the (two) frogfish, and go home with a free frag!!! Can't wait to see you! Enjoy the tour!

Each household will receive a free frag

(801) 921-0353

From I-15 take exit 288 and go east. Take Highland Dr to
Nechatel Dr.

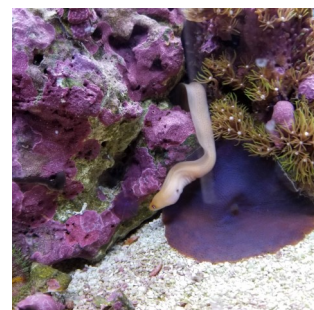

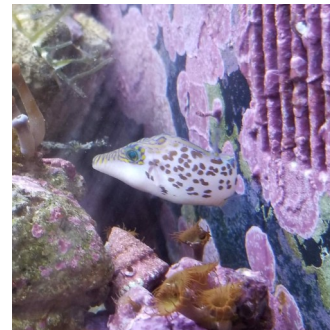

2019 WMAS Reef Tour

Kat Oertli

6186 West 10050 North, Highland, UT 84003

2 tanks: 150 gallon mixed reef and
32 gallon bio cube dwarf predator tank.

(801) 471-3168

Take Exit 284 east toward Highland/Alpine. Turn right at 6000 West. Turn right onto 10050 North. House is marked as Argyle Guitar Studios on Google maps.

2019 WMAS Reef Tour

Ryan Taylor

2307 S Maverick Rd, Saratoga Springs, UT 84045

In-wall 220 gallon Perfecto tank with homemade stand, Aqueon sump/fuge, Aquatic T5 hybrid fixture with XR15s, Jebao power heads and return pump. Dedicated fish area behind the tank, with TTM setup for new fish. Recovering from an Alkalinity crash, but have some fat and happy tangs.

(407) 760-0104

Take Redwood Road south to Fairbanks Blvd. It is across the street from Talons Cove Golf Course.

2019 WMAS Reef Tour

Dan McArthur (Dan McArthur)

835 East 800 North, Pleasant Grove, UT 84062

210 Gallon mixed reef. 19 Fish. 100 Corals. I'm running 3 Gen 4 Radion Pro lights, Eshops Axium 160 skimmer, Bubble magus doser for Ca Alk And Mg and filter socks.

(801) 310-2084

Get off I-15 at American Fork State Street. Go East 1 mile. Turn left at Utah Run and continue East on Main St. It will turn into 1100 N in Pleasant Grove. Go 3 Miles and turn Right on Murdock. Then left on 800 N.

2019 WMAS Reef Tour

Kevin Dodge (Kevin)

841 East 700 North, Pleasant Grove, UT 84062

150 Gallon reef tank and fish room. Recently upgraded from a 30 gallon reef. 14 fish and a mix of SPS, LPS, and soft corals. I am still building my coral collection and growing them out. AI Hydra 26 LED lighting, DIY Sump/Refugium, Fish room containing a salt water mixing station, DIY Aqua Controller. DIY Aqua Controller uses a raspberry pi to control 2 part dosing, auto top-off, temperature monitoring, and daily auto water changes (1.5 gallons).

(801) 358-6170

From I-15 take the Pleasant Grove Blvd (exit 275) and head east towards the mountains. Pleasant Grove Blvd will turn into Center street. Turn left (North) at the stop light at 100 East. Go 4 blocks and turn right (East) onto 500 North (GroveCreek Drive). Go up the hill and eventually turn left (North) onto Murdock Drive, an immediate right (East) onto 700 North. My house is the 4th house on the left (North). Enter through the side door entrance.

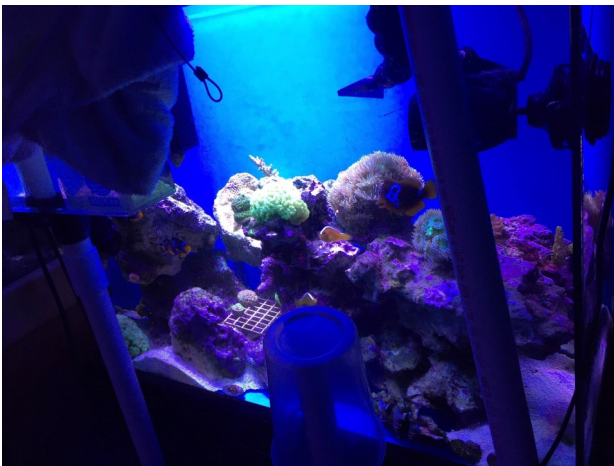

2019 WMAS Reef Tour

Chris Church

274 N 100 W, Levan, UT 84639

Originally had a 150 gallon, but about two months ago it developed a leak. Moved contents to a 75 gallon and a 40 gallon. Running T5 and LEDs.

(435) 213-0297

Head south on I-15. Take the Flying J exit in Nephi. Turn left and follow that road for 11 miles to Levan. Make your first right as you get to Levan. House is 2 blocks down and last house on the left. It's bright blue with a silver roof.
